Consumer Benefits

The Evolution of a Hi-Fi Classic

With a history going back to 1974, the Monitor XT series is the next generation of Polk's critically acclaimed Monitor line of speakers, now featuring Hi-Res Audio Certification and new tweeter, woofer, and cabinet designs to improve the sound of anything you're listening to.

Hi-Res Audio Certified

Monitor XT60's new Terylene dome tweeter makes them perfect for enjoying high-resolution audio from Apple Music, Tidal, Amazon Music HD, Qobuz, and Spotify HiFi.

Effortless Bass

MXT60's Dynamically Balanced 6.5" woofer and dual passive bass radiators play loud and low, delivering Polk's famously smooth mid-range and powerful, effortless bass.

Dolby Atmos Certified and DTS:X Compatible

Compatible with the latest Dolby Atmos and DTS:X surround sound enabled AV receivers and 4- and 8-ohm amplifiers, Monitor XT does not require specialized equipment to deliver great sound. Add the MXT90 Height Speaker (available separately) to add new dimensions to your surround sound environment.

Features

- High-Resolution Floor-Standing Speaker for Rich, Detailed Sound for Movies, TV, and Music
- Hi-Res Audio and Dolby Atmos Certified, DTS:X and Auro 3D Compatible
- 6.5" Dynamically Balanced Woofer for Impactful Bass, Low Distortion, Better Linearity, and Increased Dynamic Range
- Dual 6.5" Passive Radiators for Deep Effortless Bass Below 38Hz
- 1" Terylene Tweeter for Crystal Clear Highs Up to 40kHz
- Lifelike, Detailed Imaging and Immersive Soundstage
- High Sensitivity to Work with 4- and 8-Ohm Amps/Receivers
- Low-Resonance Cabinet and Removable, Precision-Fit Grille
- Optional: Add Monitor XT90 Height Speaker for Dolby Atmos and DTS:X Systems
- Polk-Patented Quality Backed by Limited Five-Year Warranty

MXT90 HEIGHT SPEAKER

Monitor XT90 Dolby Atmos Certified Height Speaker

Raise your home theater to new heights. The Monitor XT90 fits atop the Monitor XT20, MXT60, MXT70, or wall mounts to enhance movies and games in Dolby Atmos and DTS:X with dramatic 3D sound. Hear planes flying overhead, special FX, ambience and more for a truly immersive experience.

SPECIFICATIONS

Woofer	4" bi-laminate paper
Crossover Frequency	2700Hz
Recommended Amplification (wpc)	30-100W
Impedance	Compatible with 4- and 8-ohm outputs
Overall Frequency Response	94Hz-22kHz
Sensitivity	89dB
Inputs	5-way nickel-plated binding posts
Dimensions W x H x D	190.5mm x 143.2mm x 212.9mm 7.5" x 5.64" x 8.38"
Weight	6lbs/2.72kg

Consumer Benefits

Raise your Home Theater to New Heights

Whether watching a movie, playing a video game, or streaming immersive audio via Apple Music, the Polk Monitor XT90 Height Speaker will enhance your experience with dramatic 3D sound.

Hear Sound FX Like Never Before

Dolby Atmos certified and DTS:X compatible, the Monitor XT90 reflects sound off your ceiling so you can enjoy the sound effects and ambience found on the dimensional height channel offered by these formats. Go ahead and duck, we won't tell anyone.

Premium Polk Sound

Engineered by the same team that developed Polk Legend and Reserve, MXT90 uses timbre-consistent components to deliver detailed imaging, a seamless sound stage, and effortless bass when paired with other Polk Monitor XT loudspeakers.

Pair with MXT20, MXT60, MXT70 or Wall Mount

Sold as pairs, the MXT90 height speakers can be easily placed on Monitor MXT20 bookshelf speakers, MXT60 and MXT70 floor-standing speakers, or wall mounted using their sturdy keyhole slot.

Works with Any Dolby Atmos or DTS:X AV Receiver

To use the MXT90 as a height channel, match it with any A/V receiver (4 or 8 ohms) that provides a minimum of seven channels and that supports the Dolby Atmos, DTS:X or DTS Virtual:X formats.

Features

- Dolby Atmos-Certified, DTS:X and DTS Virtual:X Compatible
- Add an Immersive Height Dimension to Movies, TV, and Video Games
- Place atop MXT20, MXT60, MXT70 or Easily Wall Mount via Keyhole Slot
- 4" Dynamically Balanced Woofers for Clean, Impactful Sound
- Overall Frequency Response: 94Hz to 22kHz
- Nickel-Plated Binding Posts, Anti-Resonant Cabinet and Anti-Diffraction Grille for Pure Sound
- High Sensitivity to Work with 4- and 8-Ohm AV Receivers
- Requires Minimum Seven-Channel Dolby Atmos or DTS:X Compatible A/V Receiver
- Polk-Patented Quality Backed by Limited Five-Year Warranty
- Sold in Pairs
